

Curriculum Vitae

Patrick Parschan (born Schwabl), M.A.

Contact Details

LMU, Department of Media and Communication (IfKW), Division for Computational Communication Research

Akademiestraße 7, 80799 München

p.parschan@lmu.de & Website: patparsch.github.io

@patrick.parschan  Patrick Parschan 

RESEARCH INTERESTS

Computational Social Science, Natural Language Processing, Algorithmic Auditing and Bias in AI, Text-as-Data, Ideal Point Estimation, Complexity Science

ACADEMIC POSITIONS

Teaching and Research Assistant / PhD Student

09/2021 – present

Department of Media and Communication, LMU Munich, Germany

Computational Communication Research – division led by Prof. Dr. Mario Haim

Research Assistant / PhD Student

07/2021 – 09/2021

Department of Political Science, Bundeswehr University Munich, Germany

[SPARTA](#) Project – led by Prof. Dr. Jasmin Riedl

Teaching and Research Assistant

Political Science Research Methods – division led by Prof. Dr. Melanie Walter-Rogg

10/2019 – 03/2021

Student Assistant

Department of Political Science, University of Regensburg, Germany

Political Science Research Methods – division led by Prof. Dr. Melanie Walter-Rogg

04/2018 – 09/2019

EDUCATION

Digital Humanities, M.A. (120 ECTS, grade: 1.4)

09/2016 – 08/2017

Department of Information, Speech, Media and Culture, University of Regensburg, Germany

Information Sciences – division led by Prof. Dr. Bernd Ludwig

Title of M.A. thesis: "Classifying user information needs in cooking dialogues - an empirical performance evaluation of transformer networks" (grade: 1.6), [Link](#)

Democracy Studies, M.A. (60 ECTS, no degree acquired)

10/2018 – 04/2021

Department of Political Science, University of Regensburg, Germany

Courses taken (among others): Einführung in die soziale Netzwerkanalyse mit R, Empirical Analysis of Biodiversity Loss, Public Choice und Spieltheorie, Aufstieg und Fall westlicher Herrschaft, Einführung in die Mehrebenenanalyse mit R, Theoretische und empirische Analyse der Staatsverschuldung

Study-accompanying IT training (40 ECTS, grade: 1.4)

10/2016 – 04/2019

Courses taken: Daten analysieren und visualisieren, Programmierung und Software-Entwicklung, Einführung in die Programmiersprache C, Programmieren in C und C++, Machine Learning, Vertiefungskurs Microsoft Excel, Einführung in die statistische Datenanalyse mit R, Programmieren mit R, Fortgeschrittene Methoden der quantitativen Politikforschung

Political Science, B.A. (226 ECTS, grade: 1.2)

04/2015 – 04/2019

Department of Political Science, University of Regensburg, Germany

Political Science Research Methods – division led by Prof. Dr. Melanie Walter-Rogg

Title of B.A. thesis: “Voting-with-the-feet: Eine Analyse des Tiebout-Modells mittels Agenten-basierter Modellierung” (grade: 1.0), [Link](#)

Diploma/Abitur qualifying for university admission (grade: 3.3)

09/2004 – 07/2013

Gregor-Mendel-Gymnasium Amberg, Secondary School, Germany

WORK EXPERIENCE

02/2022 – 02/2027

LMU Munich (full-time, inside academia)

[Munich Media Monitor](#) Project, Responsible for database architecture, API design, CI/CD pipeline development, and Implementation of Artificial Intelligence data analysis pipelines

Configuration of GPU-based computing infrastructure

Kantar Germany (part-time, outside academia)

05/2018 – 05/2020

Automotive Market Research Division, Munich

Data analysis, data preparation, data visualization

Kantar Germany (full-time, internship, outside academia)

10/2010 – 08/2016

Automotive Market Research Division, Munich

Data analysis, data preparation, data visualization

PUBLICATIONS

Journal Articles

3. **Parschan**, P. & Jakob, C. Computational Measurement of Political Positions: A Review of Text-Based Ideal Point Estimation Algorithms. *Quality & Quantity* (under review). Preprint available upon request.

2. **Schwabl**, P., Haim, M. & Unkel, J. Aligning agent-based testing (ABT) with the experimental research paradigm: a literature review and best practices. *J Comput Soc Sc* 7, 1625–1644 (2024). <https://doi.org/10.1007/s42001-024-00283-6>.

1. Greipl, S., Hohner, J., Schulze, H., **Schwabl**, P., & Rieger, D. (2024). "You are doomed!" Crisis-Specific and Dynamic Use of Fear Speech in Protest and Extremist Radical Social Movements. *Journal of Quantitative Description: Digital Media*, 4. <https://doi.org/10.51685/jqd.2024.icwsm.8>.

Articles in Handbooks

1. **Schwabl**, P., & Hase, V. (in press). Python for Text-as-Data: Using Word Embeddings to Assess the Diversity of Election-Related Search Queries. In Bernauer, J. & A. Wohlmann (ed.), *Doing Quantitative Text Analysis with R: Scraping, Preparing, Visualising and Modelling Data*. London: Sage.

Articles in Edited Books/ Conference Proceedings

2. Jakob, C., Harbecke, D., **Parschan**, P., Wenzel, P. & Schmitt, V. PolBiX: Detecting LLMs' Political Bias in Fact-Checking through X-phemisms (under review). 63rd Annual Meeting of the Association for Computational Linguistics (ACL). Preprint available upon request.

1. **Schwabl**, P., Unkel, J. & Haim, M. (2023). Vielfalt bei Google? Vielzahl, Ausgewogenheit und Verschiedenheit wahlbezogener Suchergebnisse. In: Holtz-Bacha, C. (eds) *Die (Massen-) Medien im Wahlkampf*. Springer VS, Wiesbaden. https://doi.org/10.1007/978-3-658-38967-3_11.

CONFERENCE CONTRIBUTIONS (PEER-REVIEWED, PRESENTERS UNDERSCORED)

Conference Papers

14. Parschan, P. & Jakob, C. (2025). Computational ideal point estimation using textual data: a systematic review of existing algorithms. 7th International Interdisciplinary Conference on the Quantitative and Computational Analysis of Text-, Image- and Video-as-Data (COMPTTEXT), Vienna, 24-26 April 2025.
13. Palicki, S., Bravo Lara, I., Parschan, P. Bevis, B. & Claessen, C. (2025). Don't Look Up: Evaluating the Tradeoff between Accuracy and Sustainability of LLMs for Text Analysis. 7th International Interdisciplinary Conference on the Quantitative and Computational Analysis of Text-, Image- and Video-as-Data (COMPTTEXT), Vienna, 24-26 April 2025. [Link](#).
12. Schulze, H., Greipl, S., Hohner, J., & Schwabl, P., & Rieger, D. (2024). A longitudinal analysis of crisis-specific fear speech use in radical and extremist social movements in 2020-2023. 10th European Communication Conference (ECREA), Ljubljana, 24-27 September 2024.
11. Greenfield, J., Dahlke, R., Lukito J., Schwabl, P., Stecker, M. & Walter, D. (2024). From Politics to Products: Identifying and Analyzing Advertisements in Far-Right Audio Media. 74th Annual Conference of the International Communication Association (ICA), Gold Coast, 20-24 June 2024.
10. Greipl, S., Hohner, J., H. Schulze, P. Schwabl, and D. Rieger. (2024) "You are doomed!" - Crisis-specific and dynamic use of fear speech in protest and extremist radical social movements. The 18th International AAAI Conference on Web and Social Media, Buffalo, USA, 3-6 June 2024.
9. Schwabl, P., Palicki, S., Bevis, B. & Claessen, C. (2024). Echoes of the Reichstag? Decoding Populist Rhetoric Across Eras. 6th International Interdisciplinary Conference on the Quantitative and Computational Analysis of Text-, Image- and Video-as-Data (COMPTTEXT), Amsterdam, 2-4 May 2024. [Link](#).
8. Hohner, J., Greipl, S., Schulze, H., Schwabl, P., & Rieger, D. (2024). "We are doomed!" Detection of Fear Speech as Radicalization Narrative in Far-Right Communication. 6th International Interdisciplinary Conference on the Quantitative and Computational Analysis of Text-, Image- and Video-as-Data (COMPTTEXT), Amsterdam, 2-4 May 2024.
7. Schulze, H., Greipl, S., Hohner, J., & Schwabl, P. (2024). More Crises, More Fear? A (Semi-)Automated Analysis of Fear Speech in the Online Discussions of Radical and Extremist Actors 2020-2022. 69. Jahrestagung der Deutschen Gesellschaft für Publizistik- und Kommunikationswissenschaft (DGPK), Erfurt, 13-15 March 2024.
6. Schulze, H., Greipl, S., Hohner, J., Schwabl, P., & Rieger, D. (2023). A Little Less Hate, But a Lot More Harm – Fear Speech as Strategic Borderline Communication. Conference on Harmful Online Communication. (CHOC2023), Cologne, 16-17 November 2023.
5. Greipl, S., Hohner, J., H. Schulze, P. Schwabl & Rieger, D. (2023) Zwischen Furcht und Feindseligkeit: Narrative Radikalisierungsangebote in Online-Gruppen. Im toten Winkel – Rechtsextreme Radikalisierung im Netz, Berlin, September 2023. Institute for Strategic Dialogue (ISD).
4. Schwabl, P., Haim, M. & Unkel, J. (2023) From auditing to testing: Adequate experimental designs to study algorithmic content curation. 73rd Annual Conference of the International Communication Association (ICA), Toronto, 25-29 May 2023. [Link](#).
3. Schwabl, P. (2023). Computational scaling of political positions from textual data using word embeddings. 5th International Interdisciplinary Conference on the Quantitative and Computational Analysis of Text-, Image- and Video-as-Data (COMPTTEXT), Glasgow, 12-13 May 2023. [Link](#).
2. Özdemir, S., & Schwabl, P. (2022). Do we need Multimodality? Experiments with Tweets from European Union Executives. 23. Tagung der Fachgruppe Methoden der Publizistik- und Kommunikationswissenschaft (DGPK), Munich, Germany, 5-7 October 2022. [Link](#).
1. Schwabl, P., Haim, M. & Unkel, J. (2022). Searching for biased information? Informational strategies and algorithmic curation. 72nd Annual Conference of the International Communication Association (ICA), Paris, 26-30 May 2022. [Link](#).

Conference Posters

1. Schwabl, P. (2022). Scaling latent political positions from textual data using word embeddings. 4th Text as Data Conference, Cornell Tech, New York City, 6-7 October 2022. [Link](#).

OTHER SCIENTIFIC CONTRIBUTIONS (NOT PEER-REVIEWED, PRESENTERS UNDERSCORED)

- Workshops**
1. Parschan, P. & Jakob, C. (2025). Computational ideal point estimation using textual data: a review of supervised and semi-supervised algorithms. SSaLM: Social Science and Language Models. Berlin, April 3-4, 2025.
- Invited Talks**
12. Parschan, P. (2024). An Introduction to Coding with AI (ChatGPT, Cursor, Copilot). Presented to the Computational Exchange Workshop at the Department of Media and Communication at LMU Munich, Munich, October 23 2024.
 11. Schwabl, P., Palicki, S., Bevis, B. & Claessen, C. (2024). The Language of Us and Them Over Time: A Diachronous Approach to Tracking an Element of Populism. Presented at the Center for Advanced Studies Workshop "Words to numbers - Using NLP methods for research in the social sciences and humanities." Munich, July 04, 2024.
 10. Schwabl, P. (2024). Computational Scaling of Political Positions from Textual Data using Word Embeddings. Presented at the AI for Media: Science Meets Journalism Workshop hosted by Bayerischer Rundfunk. Munich, November 18 2024. [Link](#).
 9. Schwabl, P. (2023). Computational Scaling of Political Positions from Textual Data using Word Embeddings. Presented at the DigiMeet Conference 2023 hosted by the Bavarian Research Institute for Digital Transformation. Munich, November 11 2023.
 8. Schwabl, P. (2023). Political Position Scaling with Word Representations. Presented at the Center for Advanced Studies Workshop "Words to numbers - Using NLP methods for research in the social sciences and humanities." Munich, 17-18 July 2023.
 7. Schwabl, P. (2023) New Ideas of using AI as a Research Method and Tool. Presented to the Computational Exchange Workshop at the Department of Media and Communication at LMU Munich, Munich, May 17 2023.
 6. Schwabl, P. (2023). How (not) to Measure Political Positions Using Contextual Word Embeddings in Multi-Party Systems. Presented to NLP Munich. Munich, April 20 2023, [Link](#).
 5. Schwabl, P. (2023). How (not) to Measure Political Positions Using Contextual Word Embeddings in Multi-Party Systems. Presented to the Junior Scholar Network Political Communication (NaPoKo) Lunchbreak event. Munich, April 18 2023.
 4. Schwabl, P. (2022). Political Position Scaling with Word Representations (from Contextualized Word Embeddings). Presentation at the workshop on AI-Humanity-Society hosted by LMU Munich and TAU University. Munich, 05-06 December 2022.
 3. Haim, M., & Schwabl, P. (2022) Intro to Text as Data & Machine Learning. Presented to the Computational Exchange Workshop at the Department of Media and Communication at LMU Munich, Munich, June 22 2022.
 2. Schwabl, P. (2022) Live coding of a word embeddings application. Presented to the Computational Exchange Workshop at the Department of Media and Communication at LMU Munich, Munich, July 20 2022.
 1. Schwabl, P., Unkel, J. & Haim, M (2021). Algorithmische Biases in Suchmaschinen im Bundestagswahlkampf 2021. Presented at the sprint review of the Bavarian Research Institute for Digital Transformation. Munich, September 21 2021.

TEACHING

Summer Term 2018	Tutorial accompanying the lecture „Einführung in die Methoden der Politikwissenschaft“ (University of Regensburg, 2 seminars, 4 SWS total)
Winter Term 2018/19	Seminar „Einführung in das statistische Analyseprogramm SPSS“ “ (University of Regensburg, 2 seminars, 4 SWS total)
Summer Term 2019	Seminar „Einführung in das statistische Analyseprogramm IBM SPSS“ (University of Regensburg, 2 seminars, 4 SWS total)
Winter Term 2019/20	Seminar „Einführung in die statistische Datenanalyse mit R“ (University of Regensburg, 1 seminar, 2 SWS total) Seminar „Einführung in die statistische Datenanalyse mit SPSS“ (University of Regensburg, 1 seminar, 2 SWS total)
Summer Term 2020	Seminar „Einführung in die statistische Datenanalyse mit R“ (University of Regensburg, 2 seminars, 4 SWS total)
Winter Term 2020/21	Seminar „Einführung in die statistische Datenanalyse mit R“ (University of Regensburg, 2 seminars, 4 SWS total)
Winter Term 2022/23	Seminar „Kommunikator- und Rezipientenforschung: Wahrnehmung und Bewertung politischer Kommunikation zum Ukraine-Krieg“ (LMU Munich, 1 seminar, 4 SWS total)

	Seminar „Begleitseminar Einführung in die Kommunikationswissenschaft“ (LMU Munich, 1 seminar, 2 SWS total)
Summer Term 2023	Seminar "Datenanalyse in SPSS "(LMU Munich, 2 seminars, 4 SWS total)
Winter Term 2023/24	Seminar "Artificial intelligence – a look under the hood and applications in practice" (LMU Munich, 1 seminar, 2 SWS total)
Summer Term 2024	Seminar "Datenanalyse in R "(LMU Munich, 2 seminars, 4 SWS total)
Winter Term 2024/25	Seminar “Einführung Wissenschaftliches Arbeiten” (LMU Munich, 1 seminar, 2 SWS total) Seminar "How money talks: Stock market and economic news analysis with artificial intelligence and machine learning in communication research" (LMU Munich, 1 seminar, 4 SWS total)
Summer Term 2025	Seminar "Datenanalyse in R "(LMU Munich, 2 seminars, 4 SWS total)

OTHER RELEVANT TEACHING EXPERIENCES

Supervision	Supervised 5 B.A. theses (2022 – 2025): „Gedenkreden im Umgang mit Antisemitismus Eine qualitative Inhaltsanalyse der Bundestagsreden von 2016 bis 2024 zum Internationalen Tag des Gedenkens an die Opfer des Holocaust“ “A quantitative analysis of party manifestos using word embeddings: An investigation of two social constructs” „Zwischen “Gender-Gaga” und Konsensfindung. Eine qualitative Inhaltsanalyse der Genderdebatte im Bundestags“ „Von „Das Boot ist voll“ bis „Wir schaffen das“ Eine qualitative Analyse migrationsbezogener Frames in Bundestagsreden“ „Strategische Ambiguität in Bundestagsreden: Eine vergleichende Analyse politischer Kommunikation zu Digitalisierung und Künstlicher Intelligenz“ Supervised 1 M.A. thesis (2023 – 2025): “Die Dekonstruktion der Gaskrise 2022/23”
Workshop instructor	Self-designed and gave workshops on the following topics: - A crash course introduction to the Cursor IDE at the pre-conference Hackathon during ICA 2025. - Crash course introduction to Machine Learning at the pre-conference Hackathon during ICA 2023. - Three-day workshop on Machine Learning at Bamberg Graduate School of Social Science, 04-06 April 2022. Link.
Course drafting	Self-designed and drafted courses (see above): „Einführung in die statistische Datenanalyse mit R“ at University of Regensburg „Kommunikator- und Rezipientenforschung: Wahrnehmung und Bewertung politischer Kommunikation zum Ukraine-Krieg“ at LMU Munich "Artificial intelligence – a look under the hood and applications in practice" at LMU Munich "How money talks: Stock market and economic news analysis with artificial intelligence and machine learning in communication research" at LMU Munich

SCHOLARSHIPS, GRANTS & FUNDING (total of approx. EUR 25 000)

PhD Scholarship	Grant for PhD project support as part of the Young Talents Program by the Bavarian Research Institute for Digital Transformation (total of 12 000 EUR over 4 years)
Individual Grants	- Grant for travel support for a research stay in Israel by the Bavarian Research Alliance (2 000 EUR) - Grant for travel support for a research stay in Vienna by the Erasmus-Program (1 000 EUR)
Internal funding (non-competitive)	- Travel support, ICA, Gold Coast, 2024 (EUR 3 681) - Travel support, COMPTXT, Amsterdam, 2024 (EUR 1 296) - Travel support, ICA, Toronto, 2023 (EUR 2 499) - Travel support, COMPTXT, Glasgow, 2023 (EUR 1 414) - Travel support, ICA, Paris 2022 (EUR 1 450) - Travel support, Salzburg 2022 (EUR 374)

SERVICE TO THE PROFESSION

Official Functions

- Student and Early Career Representative of the Computational Methods Division of the International Communication Association (ICA, 2022-2024)

Memberships

- International Communication Association (ICA), 2021 - present
- COMPTExT Association, 2025 – present
- Deutsche Nachwuchsgesellschaft für Politik- und Sozialwissenschaft (DNGPS), 2020 – present

Reviewer

- International Communication Association (ICA) Conference: 2022, 2023, 2024
- International Interdisciplinary Conference on the Quantitative and Computational Analysis of Text-, Image- and Video-as-Data (COMPTExT): 2023, 2024, 2025
- 23. Tagung der Fachgruppe „Methoden der Publizistik- und Kommunikationswissenschaft“ der Deutschen Gesellschaft für Publizistik- und Kommunikationswissenschaft (DGPuK): 2022

Organization of Conferences & Workshops

- Host and main organizer of the Computational Exchange Workshop at the Department of Media and Communication at LMU Munich, taking place four times per semester. [Link](#)
- Main Organizer of the pre-conference Hackathon (2024 & 2025) of the International Communication Association yearly conference (ICA), [Link](#), [Link](#)
- Organizational support for the 23. Tagung der Fachgruppe „Methoden der Publizistik- und Kommunikationswissenschaft“ der Deutschen Gesellschaft für Publizistik- und Kommunikationswissenschaft (DGPuK), hosted by Prof. Dr. Mario Haim, [Link](#)

Conference Attendance & other Networking

- Winter Workshop on Complex Systems, Barcelona, 21-26 January 2024, [Link](#)
- TRIOKON 2024: Was kann KI wirklich?, Regensburg, 25 September 2024
- AI Meetup #2: AI for Media Network, Munich, October 09 2024, [Link](#)
- Nachwuchstage Kommunikationswissenschaft, Salzburg, 14-16 September 2022
- Complexity Weekend, online, 12-14 November 2021

METHODOLOGICAL SKILLS

Methodological Knowledge

- Machine Learning
- Large Language Models (LLMs)
- Natural Language Processing: Named-Entity Recognition, Text Classification, Word Embeddings, Topic Modeling,
- Web Scraping: Selenium
- Social Science Methods (manual content analysis, surveys, experiments)
- Statistics (e.g., multilevel modeling, panel & time series approaches, Bayesian statistics, clustering, factor analysis)

Programming & Software Development

- Statistical Software: SPSS, R
- Programming Languages: Python, R, JavaScript, C++
- Structured Query Language (SQL)
- Agent-Based Modeling Software and Languages: NetLogo
- Markup Languages: LaTeX, HTML, CSS, Markdown
- Version Control Software: Git, GitHub, GitLab
- Docker, Kubernetes, ArgoCD
- Kafka, RabbitMQ

Methodological Training

- 3D Modeling, Summer School in Digital Humanities, Nuremberg, 2019

RESEARCH VISITS

- CCS Lab, University of Vienna, Prof. Dr. Annie Waldherr 09/2024 – 10/2024
- Hebrew University of Jerusalem, Prof. Dr. Christian Baden 09/2023 – 10/2023
